

11th June 2021

Hiring Manager,  
EMBL.

Dear Hiring Manager,

I'm writing to you regarding EMBL's Web Developer opening, which I discovered on StackOverflow. I've been working as Full stack Developer at TezMinds Software Pvt Ltd. for more than 3 years now and during that time I've revamped web security applications, designed and developed user friendly websites and responsible for managing the company's cloud infrastructure for the products and solutions we provide.

My core duties at TezMinds Software Pvt Ltd included implementing user interfaces and backend API, Database administration, system architecture and cloud infrastructure. Being part of the company's core development team, I have worked on multiple products and projects that the company offers. Prior to this position, I worked at Infosys Ltd as a Systems Engineer where I assisted in developing automation solutions that helped to increase the productivity of teams.

With four years of experience in full-stack web development and systems architecture, I am confident I will be an excellent fit for EMBL's next Web Developer. My experience has provided me with the innovative and technical skills necessary to successfully provide your company with multifaceted technical solutions across a wide range of software platforms.

This professional experience has helped me improve my skills in leadership. Allowed me to gain mastery over necessary development tools and provided me with extensive knowledge of how to design and build applications with user friendly interface, secured and highly available backend systems. I believe my skill set will benefit EMBL, which has the clear potential to grow and expand its research in Molecular Biology.

I'm looking forward to discussing the position and my qualifications with you in more detail soon. I feel confident that I fulfill the requirements for the Web Developer position. You can contact me at (+91) 9840367106 or by email at [contact@abishekb.com](mailto:contact@abishekb.com). If I have not heard from you in a week, I will reach out to you again. Thank you for your time and consideration.

Sincerely,  
Abishek B
